Road Maintenance Worker II & III
Platte County, Missouri

Platte County Public Works is seeking applications for Road Maintenance Worker II & III positions. Responsibilities include maintenance and repair of roads, bridges and drainage structures. Must demonstrate ability to perform a wide variety of manual tasks to assist in the construction and maintenance of roads and bridges, grading and maintaining right of way, installing culverts, and other duties as assigned. Removal of emergency hazards outside of normal work hours as directed by supervisor will also be a requirement. Applicants should have general knowledge of equipment, facilities, materials, methods, and procedures used in maintenance, construction and repair activities. Must have some experience operating heavy equipment. Conformance to appropriate safety standards and skill in the safe operation of all equipment used for these activities is required. Applicant must be able to establish and maintain cooperative relationships with departmental staff and the public. Minimum requirements; High school diploma or GED and one year equipment operations or construction experience. Missouri Class A, CDL with air brake endorsement is required at time of hire.

Pay is DOQ plus a comprehensive benefits package.
